About Us

Regional Educational Institutions – A noble endeavor that has been in the domain of education since 1985 to bring quality education with a positive emphasis on character formation, co-operation and quest for excellence. We aspire to help your children achieve their unique potential through our institution. Holy Saint Public School values each learner and provides infinite opportunities for each student to learn and grow.

Regional Educational Institutions is a group of institutions where we have 13 educational branches in all the major cities of Karnataka like Mysore, Hassan, Tumkur, Chitradurga and more.....

We at Holy Saint Public School strive to respect the unique individuality of each child, give the child the right kind of help. We believe that a child will be successful in life if we accept him/her as they are and inspire them to become what they want to become. They want to be liked, appreciated and to be respected their individuality.

We seek a strong foundation for our children. We believe in making teaching a joy and learning a pleasure. We offer a stimulating combination of academic, artistic and practical activities in a caring environment, where every child gets to learn without being made to feel that he/she is being taught.

Our primary focus is learning through play and exploration & progressive method of teaching where in the learners are active participants, problem solvers & planners. We encourage children to grow in confidence, self-esteem and independence. We treat each child as an individual whose needs should be met in an atmosphere that celebrates diversity by nurturing your child's social and emotional skills.

Holy Saint Public School developed new concepts and teaching techniques like creative teaching, brainstorm, Real world learning etc. and designed special program to improve child's thinking skills by various methods.

MISSION

Holy Saint Public School nurtures curiosity and creativity through an inspiring, broad and engaging curriculum. Prepares children for life through experiential learning that addresses the needs of overall development. Our children learn to become resilient and self-assured in a safe and secure school environment. Everyone is challenged and encouraged to thrive and achieve as individuals, preparing them for their role as caring and active citizens.

VISION

We envision reaching every kid in our community excelling academically through school and beyond. Create new world of learning. A world of Creativity, Inspiration, innovation, accessible and affordable education to all sections of society. To be a center of excellence in education and inspire our students to become inquiring, knowledgeable and caring individuals who positively contribute to our local and global communities.

From Management's Desk....

Welcome to the world of Regional, where education means all round development of the child. Numeracy and literacy are important but art, drama, music and physical education contribute massively to the self-worth of students. They can give them the reason for being at school.

Academic achievement is important and makes a difference to the lives of youngsters. We place value on the importance of English, Mathematics, Science and Languages but at the same time we make sure that younger generation have appropriate pathways for learning into adult life.

As a school we realize how important it is to recognize the achievements of adolescents in as many different ways as possible. We place value on rewarding students who make a positive contribution to school life. It is important that our students feel that their positive involvement in school life is valued and appreciated.

The Holy Saint Public School serves the local community and gives certainty to those who need it. We are a caring school whereby students enjoy the experience but at the same time we set high expectations. We believe in creating a culture whereby students can learn to be successful.

The Regional student community takes pride of being a part of this institution and aspires to be noble, respectful, honest, hardworking, competent & mentally strong.

SCHOOL AT A GLANCE

Individual Attention and Care

The school has a well-formulated pastoral system to ensure that every student is cared for at all times. The love, care and concern of our staff help to develop a happy school environment. A close bond between the teacher and student is fostered. Average student strength of every class is maintained to build up a congenial atmosphere and make the school a second home to each student. The individual attention is ensured with the support of teachers, co-teachers & janitors.

School Council

A well-organized prefectoral system prevails within the campus representatives' right from Grade 2. The School Council is guided by the Principal, Head Master, and House Masters/Mistress.

Field Trips

Learning is carried on beyond the four wall of the classroom through regular trips to places of interest. Students explore and gain first-hand knowledge of the world.

Seminars / workshop / Talk

Often experts in various fields share their expertise with the students through thoughts and interactive sessions. Experts from various fields are often flown in from other cities to conduct Seminar & Workshops.

Award System

The School believes in acknowledging efforts taken by students. Prizes, star cards and star certificates are awarded to encourage each and every student both in scholastic and non-scholastic areas.

TEACHING FACULTY

Our team of talented, dedicated, caring professionals makes us truly stand out from the crowd. Having been carefully selected for their skills, competencies and attitudes, each and every one of our staff are exposed to workshops, training programmes and ongoing professional development programmes. This ensures that they maintain our impeccable standards and offer our students the very best learning experience with a supportive and caring environment.

ACADEMICS

Kindergarten syllabus is the combination of Montessori & CCE where the child is initiated into schooling through fun-filled activities and child-oriented methods of learning. Activities that encourage basic cognitive and motor skills, along with basic lessons in literacy, numerals, phonics and well graded writing patterns follow a comprehensive foundation building programme. Emphasis is laid on education through exploration and experimentation. English, Mathematics, General Knowledge, Art & Craft, Physical Education, are the courses offered in Kindergarten.

The curriculum in **Primary School** lays emphasis on concept formation and reasoning skills, problem solving and creative thinking along with acquiring sound language skills and developing scientific temperament. Students learn English, Mathematics, Science / EVS, Social Studies, Kannada, Hindi, Art & Craft, PE and Computer Science.

COMPUTER LAB

Well – equipped, networked computer lab with latest configuration and updating of software is given top priority. We believe that a child should be fully equipped with any aspect of computer in the process of learning and must be confident to face the challenges of the hi-tech world
